Date: 5. 3. 2021

Subject: Addition of size M respirators to Royax certified types **R-DP-R-FFP2-01 FFP2 NR** and **R-DP-R-FFP3-01 FFP3 NR**

Attached you will find the Test report No. 090/2020 for respirators of size M type R-DP-R-FFP2-01 FFP2 NR and R-DP-R-FFP3-01 FFP3 NR. According to the manufacturer declaration, M-size respirators are identical in layer material composition and manufacturing process as L-size certified versions, differing only in smaller size. Based on the application No. S-075/2021 of 16 February 2021, some parameters were assessed according to the EN 149 + A1 standard in the form of reduced tests. Size M respirators met the requirements for total inward leakage, breathing resistance, and paraffin oil aerosol penetration for FFP2 and FFP3 class. We agree with the use of size M respirators (ie type R-DP-R-FFP2-01 FFP2 NR - EU type examination certificate No. 1024/E-015/2021 and type R-DP-R-FFP3-01 FFP3 NR - EU type examination certificate No. 1024/E-139/2020)

We send also the invoice.

Yours sincerely
